Nature of Business:

Amlaak Energy Resources L.L.C is one of the first commercial fuel distributor in the Sultanate of Oman. The company operates in the field of supplying and the selling of all kinds of petroleum products, transportation, distribution, sale of oil and its derivatives and rental fuel tankers& Crude Oil Tankers.

Company Objectives:

The company's goals are to provide the best services to our customers and partners and to support their development, plans and in the common interests and the embodiment of total base contributes to community service and development.

The company strives for prompt service and distinctive in the field of transportation and marketing of fuels through a modern fleet of fuel tankers cruising all regions of Oman and to provide quality service to satisfied customers

The company offers service work during the 24-hour work day, 7 days a week, 365 days a year, where the company operates in all the circumstances of emergency and through and this has increased the confidence of many of our customers, especially government agencies and major corporations.

Since the establishment of the company in 2007, we adopted the objectives of the strategy, and the most prominent of these goals:

- ❖ Provision of modern equipment's for the transport and unloading of fuel.
- ❖ Provide the highest level of safety for human and the environment.
- ❖ Supplying of diesel fuel in a timely manner and without delay.
- ❖ Provide the finest transportation of petroleum products through special trucks and modern equipment.
- ❖ Providing fuel in the quantities required by the customer, whether small, medium or large.
- ❖ Supply fuel to all places rugged, desert, mountain and through the provision of equipment
So, we work in different terrain.
- ❖ Discrimination credibly works with customers.
- ❖ Work on increasing the loyalty of customers towards the company, in order to become their first choice.

Mission:

We in Amlaak are committed to building a reputation of quality & integrity – by providing services to the local and regional markets while promoting respect for the environment and for the society.

Vision:

Our vision is to become the leading “fuel marketing company” to provide quality services, alliances and strategic partnership- delivering diversified & integrated energy solutions –while growing in size, revenue and presence, we also look forward to building partnerships outside the border.

Values:

Leadership & Excellence: We are committed to being leaders to our industry and our country –setting an example for excellence in all we say & do – in our products, services and actions.

Trust & Integrity: we are committed to building a long-term relationship with our clients, partners, employees & community –one based on mutual respect, trust and the highest standards.

Growth & Performance: We are committed to providing our partners and shareholders growth opportunities and profitable returns on their investments.

Commitment & Dedication: We are committed to achieving our goals together – Offering great work environment and professional growth opportunities to our employees.

Responsibility /Corporate citizenship: We are committed to responsible citizenship-through active community involvement and respect for our environment.

Health & Safety (HSE):

Workplace Health & Safety plays a very important role within HSE. It has a corporate responsibility and it's our main task to establish strategies for the development and implementation of policies and plans for key workplace health, safety and security functions.
