INTRODUCTION

We introduce ARAMCO ENGINEERING SERVICES (AES) an ISO 9001:2015 certified company undertaking

- OIL & GAS MAINTENANCE PROJECTS
- STRUCTURAL STEEL FABRICATION & ERECTION WORKS
- EPC PROJECTS
- MEP WORKS
- ENGINEERING SERVICES

We provide Engineering , procurement , Fabrication & Installation services to various industrial sectors like Oil & Gas , Refineries , Petro Chemicals , Power & Water , Building & Infrastructure , Airports , Cement Plants , Mining & Metals , Transport and other various projects.

We are located in the Ghala Industrial Estate, Muscat. Our facility is built up in a total area of 15000 M² which includes Offices , covered Fabrication facility , covered Blasting and Painting facility, Open Fabrication area for Heavy Equipment and Structure Fabrication,.

An annual capacity of 5000 tons in Heavy /Medium steel fabrication is achieved .

Our Services offered and are not limited to

- Design with special emphasis on fabrication and erection of Steel Structure for Factory Sheds , Ware Houses , Multi – storied building on steel structures.
- Equipment fabrication like as Stacks , Process Ducts , Process Tanks , Silos etc.
- Specialized in Kiln Replacement , Girth Gear , Tyre replacements , ESP conversions to Bag Filters , Bucket Elevators , for Cement Plants during Shutdowns.
- All kinds of Machining works
- Air Craft hangar Doors Steel works Fabrication & Erection.
- Fabrication & Assembly of Process Skids & Modules
- Pipe Spool Fabrication

SITE SERVICES

- Field Repair and Modification of existing facility including repair of pressure equipment
- Machining and Equipment assembly works
- Field Erection of piping.
- Rig maintenance works at Field.

ENGINEERING SERVICES IN SHUT DOWN & TURN AROUND

- Pipe line replacement and welding works
- Refurbishment of Equipment related piping and other parts during shutdown.
- Equipment replacements and repair works of structure and piping for Cement plants , steel plants

A GLIMPSE ON OUR FACILITIES

OIL & GAS MAINTENANCE WORKS

**Suction Tank Refurbishment works for
M/s ABRAJ ENERGY SERVICES**

**Top Drive Repair and Maintenance works for
M/s ABRAJ ENERGY SERVICES**

**Maintenance works of Mud Pump for
M/s ABRAJ ENERGY SERVICES**

**Maintenance works of Mud Tank for
M/s ABRAJ ENERGY SERVICES**

**Maintenance works of Dog house for
M/s ABRAJ ENERGY SERVICES**

**Fabrication of skids for
M/s ABRAJ ENERGY SERVICES**

OIL & GAS MAINTENANCE WORKS

**Fabrication of Diesel Tank for
M/s AL SHAWAMIK OIL & SERVICES**

**Fabrication of Tool Bin for
M/s AL SHAWAMIK OIL & SERVICES**

**Fabrication of Anchor Blocks for
M/S AL SHAWAMIK OIL & SERVICES**

**Maintenance of Reserve Tank for
M/s AL SHAWAMIK OIL & SERVICES**

Repair & Maintenance works of Mud tanks for MB PETROLEUM SERVICES

STRUCTURAL STEEL FABRICATION WORKS

Fabrication & Erection of RO Building and other Buildings for M/s NCC International

**Fabrication of Storage Tanks for
M/s JINDAL SHADEED**

**Fabrication of Storage Tank for
M/s OWATCO SAOC.**

**Fabrication & Erection of MEP
Supports for M/s BOUNCE INC (Oman)**

**Fabrication & Erection of 90m Height
Stack for M/s SOHAR STEEL LLC**

STRUCTURAL STEEL FABRICATION WORKS

**Fabrication & Erection Steel Structure for
L&T Heavy Engineering SOHAR**

**Fabrication of Steel Silo for
M/s Muscat Steel Industries**

**Fabrication & Erection of Air Craft Hangar
Doors for M/s JEWERS DOORS, UK**

**Fabrication & Installation of Fresh Water line
Distribution for M/s Oman Cement SAOG**

**Fabrication & Erection Gantry Structures
for M/s NCC International**

**Fabrication & Erection of 8m Dia * 64m
Height Stack for M/s Jindal Shaded**

EPC PROJECTS

Construction of Oman's First Auto Cement Packing Plant for M/s RAYSUT CEMENT Co.SAOC , Salah

Construction of New Brake Parts Manufacturing Unit for M/s Dunes Oman , Salah

SHUT DOWN PROJECTS

**Replacement of Kiln shell , Girth gear , Tyre, Rollers, Cowl shell for LINE# 2
M/s FLSMIDTH , OMAN CEMENT CO.**

**Replacement of Kiln shell , Girth gear , Tyre, Rollers, Cowl shell for LINE# 2
M/s RAYSUT CEMENT CO.**

SHUT DOWN PROJECTS

**Dismantling of LINE#3 Existing ESP and Conversion to New Bag filter for
M/s CTP , Italy , RAYSUT CEMENT CO.SAOG**

ARAMCO ENGINEERING SERVICES

The Objective of ARAMCO ENGINEERING SERVICES is

- To set, through the means of a formal Quality Management System, standards of performance in manufacture which permit the company's services and systems to meet the specified needs of the Customers consistency.
- To maintain a QMS which can be seen to control the quality operations through the formal and clearly documented procedures reviewed, approved and maintained by the Management.
- To continually monitor process parameters to ensure the process is carried out under controlled conditions.
- To ensure that the controls defined in the QMS are implemented, maintained, audited and the status reviewed for adequacy for the effectiveness of the QMS.
- To initiate corrective and preventive actions as a part of continuous improvement.
- To apply all activities and controls within a healthy environment that will itself promote the conditions required for total quality efforts.
- To institute training which will reflect in the quality and integrity of the company's operations.
- To continuously monitor and improve the Quality Management System meeting the international quality requirements.

ARAMCO ENGINEERING SERVICES

OUR MISSION

Continuous Professional Development of Man Power.

Customer satisfaction through systematic feedback.

Improve Quality of Products & Services to Clients.

OUR VISION

To become a highly effective , lean and fast moving organisation by attending all customer requirements and specifications.

Managing the Projects undertaken efficiently.

Personal attention to client's satisfaction by every Employee

QUALITY POLICY

The Quality Policy ARAMCO ENGINEERING SERVICES is

- To perform core business activities to specified quality requirements to gain the Client's satisfaction.
- To ensure that all personnel perform their work in accordance with the requirement of Quality Management System as per ISO Standards
- To create an environment that will encourage employee's total involvement to prevent any activity, which is not meeting the specified requirements

ARAMCO ENGINEERING SERVICES
